## COVID-19 HOTLINE at NJ POISON CONTROL CENTER

Location:  
RBHS Campus  
Ambulatory Care Center  
140 Bergen Street  
Suite G 1600  
Newark

The COVID-19 Hotline at the NJ Poison Control Center was established by the Governor and the NJ Department of Health. Volunteers will provide callers with important COVID-19 medical information, advice and resources.

- In-person (on-site) only/not remote
- Unpaid/volunteer opportunity
- Students with health/medical backgrounds
- Good verbal skills; bilingual a plus
- Students should be comfortable providing health information over the phone (after attending training)
- Must be available days, nights and/or weekends
- Multiple shifts available - minimum of **two** 5-8 hour shifts per week for the semester (no less than 10 hours per week)
- The poison center is not open to the public. Students will only interact with center staff and other public health volunteers.

**RUTGERS**  
New Jersey Medical School
