## COVID-19 HOTLINE at NJ POISON CONTROL CENTER

Location:  
RBHS Campus  
Ambulatory Care Center  
140 Bergen Street  
Suite G 1600  
Newark

The COVID-19 Hotline at the NJ Poison Control Center was established by the Governor and the NJ Department of Health to provide callers with important medical information and advice for their COVID-19 concerns. **24/7 coverage**

- In-person (on-site) only/not remote
- Unpaid/volunteer opportunity
- Students with health/medical backgrounds
- Must be available days, nights & weekends
- Students should be comfortable providing health information over the phone
- Multiple shifts available
- Looking for two (8-12 hours shifts) per week. Willing to work with those who can give at least two (5 hour shifts) per week.
- Good verbal skills; bilingual a plus
- The poison center is not open to the public. Students will only interact with center staff and other public health volunteers.
